

**I.U.R.C. No. S-1**

**2nd Replacement Sheet No. 1**

Effective: Month XX, 2027

**SCHEDULE OF SEWER RATES AND CHARGES – S-1**

**STEP 1 (LINK YEAR RATES)**

Applicability: Applicable to current and future customers receiving wastewater service from the Lake County Division of Aqua Indiana, Inc.

The rates set forth herein reflect this step of the Company’s Commission-approved phase-in plan.

**I. General Service Rates**

**Flat Monthly Rate (Residential and Non-Residential)**

Description	Monthly Charge
Per Equivalent Dwelling Unit	\$61.14

**Volumetric Charges (Commercial)**

Usage	Rate per 1,000 gallons
All Usage	\$6.468

**II. Non-Recurring Charges**

**A. SYSTEM DEVELOPMENT CHARGE**

\$2,800.00 per equivalent dwelling unit

A system development charge will be billed for each new connection to the system.

**B. INSPECTION FEE**

The charge for utility personnel to inspect new sewer taps installed by an outside contractor shall be \$175.00. This fee will be charged to the party requesting the inspection.

The charge for new sewer construction observation for Developer Agreements shall be at actual cost for inspection services provided by a third party hired by the Company. This fee shall be charged to the developer per the Developer Agreement.

#### C. LATE PAYMENT CHARGE

The Company will collect a late payment fee in the amount of ten percent (10%) of the first three dollars (\$3.00) of a delinquent amount and three percent (3%) of the delinquent amount in excess of three dollars (\$3.00).

#### D. RECONNECTION CHARGES

When service is turned off for non-payment of bill, or for any reason beyond the control of the utility, a charge will be made by the Company to cover the cost of discontinuance and re-establishment of service. For customers receiving service under the General Metered Rate, a reconnection fee of \$45.00 shall be applied to the customer's account upon re-establishment of services.

For customers receiving service under the Unmetered Rate, the amount of the reconnection charge shall be at actual cost of a subcontractor hired by the Company to physically disconnect a customer with the installation of a shut-off valve. In those situations where the Company can re-establish service to a customer with the use of a valve previously installed at the customer's location, the charge shall be \$45.00. The customer shall pay these charges, together with any arrears due the Company, before service is re-established.

#### E. RETURNED CHECK CHARGE

Each customer who causes a check to be returned by their financial institution due to their account not having sufficient funds to allow such check to be processed, shall be charged \$35.00 to cover the cost incurred by the utility having to re-process the original transaction.

#### F. DEPOSITS

The utility may require a reasonable deposit from a customer to secure payment of charges for services if the utility determines that the customer or applicant does not meet the criteria for creditworthiness set forth in the Rules and Regulations of the Commission. The standard deposit for service shall be \$50. However, such deposit, if required, shall not exceed an amount equal to 1/6 of the expected annual billings for the customer at the address at which

service is rendered. Interest on and refund of such deposits shall be in accordance with the Company's rules and regulations.

#### G. SERVICE CHARGE

When service is requested by a customer to perform a repair on their property for any reason beyond the control of the utility, a service charge of \$32.00 per hour during regular business hours of 7:30 a.m. to 4:30 p.m. weekdays, will be made and added to the customer's regular monthly billing and made a part thereof, subject to the rules and regulations pertaining to such billings. If the service call is made after regular business hours, the customer shall be charged a two-hour minimum charge of \$87.00 and \$40.00 for each additional hour of service. These charges will be assessed in the same manner as listed above.

#### H. ESTABLISHMENT OF SERVICE FEE

Any new sewer customer requesting service to which the General Metered Rate will apply, at a premise not previously connected, shall be charged a fee of \$26.00 to cover the administrative cost to initiate service for the residence or business. For customers requesting service to which the Unmetered Rate will apply at a premise not previously connected, a fee of \$16.00 shall be charged. This one-time service fee will be charged to the customer's regular monthly billing.

#### I. FOG PROGRAM SURCHARGE

All new and existing sewer customers discharging wastewater containing fats, oils or greases (FOG) into a sewer system that requires a grease trap interceptor to prevent the byproducts of their operations from entering the sewer system to which the FOG Program Surcharge shall apply, a fee of \$35.00 per month to operate a FOG Program. Regulated entities found to be exceeding the allowable discharge concentrations shall be charged with an additional quarterly surcharge of \$300.00.

#### J. I/I REDUCTION SURCHARGE

Inflow and Infiltration (I/I) Reduction Surcharge is intended to remove illegally connected customer sump pumps, roof drains, cellars, yard areas, foundation drains, and cross connections between storm and sanitary sewers, from discharging into the sewer system.

1. Existing sewer customers within high I/I areas as determined by engineering studies shall receive a surcharge fee of \$15.00 per month.
2. Customers shall not be surcharged if issued a Certification of Compliance by the Company, said Certificate shall be valid for a period of ten (10) years.
3. A Certificate of Compliance shall be issued by the Company upon a successful inspection at no cost to the customer.

## II. Non-Recurring Charges

### A. SYSTEM DEVELOPMENT CHARGE

\$2,800.00 per equivalent dwelling unit

A system development charge will be billed for each new connection to the system.

### B. INSPECTION FEE

The charge for utility personnel to inspect new sewer taps installed by an outside contractor shall be \$175.00. This fee will be charged to the party requesting the inspection.

The charge for new sewer construction observation for Developer Agreements shall be at actual cost for inspection services provided by a third party hired by the Company. This fee shall be charged to the developer per the Developer Agreement.

### C. LATE PAYMENT CHARGE

The Company will collect a late payment fee in the amount of ten percent (10%) of the first three dollars (\$3.00) of a delinquent amount and three percent (3%) of the delinquent amount in excess of three dollars (\$3.00).

### D. RECONNECTION CHARGES

When service is turned off for non-payment of bill, or for any reason beyond the control of the utility, a charge will be made by the Company to cover the cost of discontinuance and re-establishment of service. For customers receiving service under the General Metered Rate, a reconnection fee of \$45.00 shall be applied to the customer's account upon re-establishment of services.

For customers receiving service under the Unmetered Rate, the amount of the reconnection charge shall be at actual cost of a subcontractor hired by the

Company to physically disconnect a customer with the installation of a shut-off valve. In those situations where the Company can re-establish service to a customer with the use of a valve previously installed at the customer's location, the charge shall be \$45.00. The customer shall pay these charges, together with any arrears due the Company, before service is re-established.

#### E. RETURNED CHECK CHARGE

Each customer who causes a check to be returned by their financial institution due to their account not having sufficient funds to allow such check to be processed, shall be charged \$35.00 to cover the cost incurred by the utility having to re-process the original transaction.

#### F. DEPOSITS

The utility may require a reasonable deposit from a customer to secure payment of charges for services if the utility determines that the customer or applicant does not meet the criteria for creditworthiness set forth in the Rules and Regulations of the Commission. The standard deposit for service shall be \$50. However, such deposit, if required, shall not exceed an amount equal to 1/6 of the expected annual billings for the customer at the address at which service is rendered. Interest on and refund of such deposits shall be in accordance with the Company's rules and regulations.

#### G. SERVICE CHARGE

When service is requested by a customer to perform a repair on their property for any reason beyond the control of the utility, a service charge of \$32.00 per hour during regular business hours of 7:30 a.m. to 4:30 p.m. weekdays, will be made and added to the customer's regular monthly billing and made a part thereof, subject to the rules and regulations pertaining to such billings. If the service call is made after regular business hours, the customer shall be charged a two-hour minimum charge of \$87.00 and \$40.00 for each additional hour of service. These charges will be assessed in the same manner as listed above.

#### H. ESTABLISHMENT OF SERVICE FEE

Any new sewer customer requesting service to which the General Metered Rate will apply, at a premise not previously connected, shall be charged a fee of \$26.00 to cover the administrative cost to initiate service for the residence or business. For customers requesting service to which the Unmetered Rate

will apply at a premise not previously connected, a fee of \$16.00 shall be charged. This one-time service fee will be charged to the customer's regular monthly billing.

I. FOG PROGRAM SURCHARGE

All new and existing sewer customers discharging wastewater containing fats, oils or greases (FOG) into a sewer system that requires a grease trap interceptor to prevent the byproducts of their operations from entering the sewer system to which the FOG Program Surcharge shall apply, a fee of \$35.00 per month to operate a FOG Program. Regulated entities found to be exceeding the allowable discharge concentrations shall be charged with an additional quarterly surcharge of \$300.00.

J. I/I REDUCTION SURCHARGE

Inflow and Infiltration (I/I) Reduction Surcharge is intended to remove illegally connected customer sump pumps, roof drains, cellars, yard areas, foundation drains, and cross connections between storm and sanitary sewers, from discharging into the sewer system.

Interest on and refund of such deposits shall be in accordance with the Company's rules and regulations.

#### O. SERVICE CHARGE

When service is requested by a customer to perform a repair on their property for any reason beyond the control of the utility, a service charge of \$32.00 per hour during regular business hours of 7:30 a.m. to 4:30 p.m. weekdays, will be made and added to the customer's regular monthly billing and made a part thereof, subject to the rules and regulations pertaining to such billings. If the service call is made after regular business hours, the customer shall be charged a two-hour minimum charge of \$87.00 and \$40.00 for each additional hour of service. These charges will be assessed in the same manner as listed above.

P. ESTABLISHMENT OF SERVICE FEE

Any new sewer customer requesting service to which the General Metered Rate will apply, at a premise not previously connected, shall be charged a fee of \$26.00 to cover the administrative cost to initiate service for the residence or business. For customers requesting service to which the Unmetered Rate will apply at a premise not previously connected, a fee of \$16.00 shall be charged. This one-time service fee will be charged to the customer's regular monthly billing.

Q. FOG PROGRAM SURCHARGE

All new and existing sewer customers discharging wastewater containing fats, oils or greases (FOG) into a sewer system that requires a grease trap interceptor to prevent the byproducts of their operations from entering the sewer system to which the FOG Program Surcharge shall apply, a fee of \$35.00 per month to operate a FOG Program. Regulated entities found to be exceeding the allowable discharge concentrations shall be charged with an additional quarterly surcharge of \$300.00.

R. I/I REDUCTION SURCHARGE

Inflow and Infiltration (I/I) Reduction Surcharge is intended to remove illegally connected customer sump pumps, roof drains, cellars, yard areas, foundation drains, and cross connections between storm and sanitary sewers, from discharging into the sewer system.

4. Existing sewer customers within high I/I areas as determined by engineering studies shall receive a surcharge fee of \$15.00 per month.
5. Customers shall not be surcharged if issued a Certification of Compliance by the Company, said Certificate shall be valid for a period of ten (10) years.
6. A Certificate of Compliance shall be issued by the Company upon a successful inspection at no cost to the customer.
